

MOOCs in Hybrid Education

4 ways to use MOOCs on campus

Ulrike Wild, Wageningen University & Research

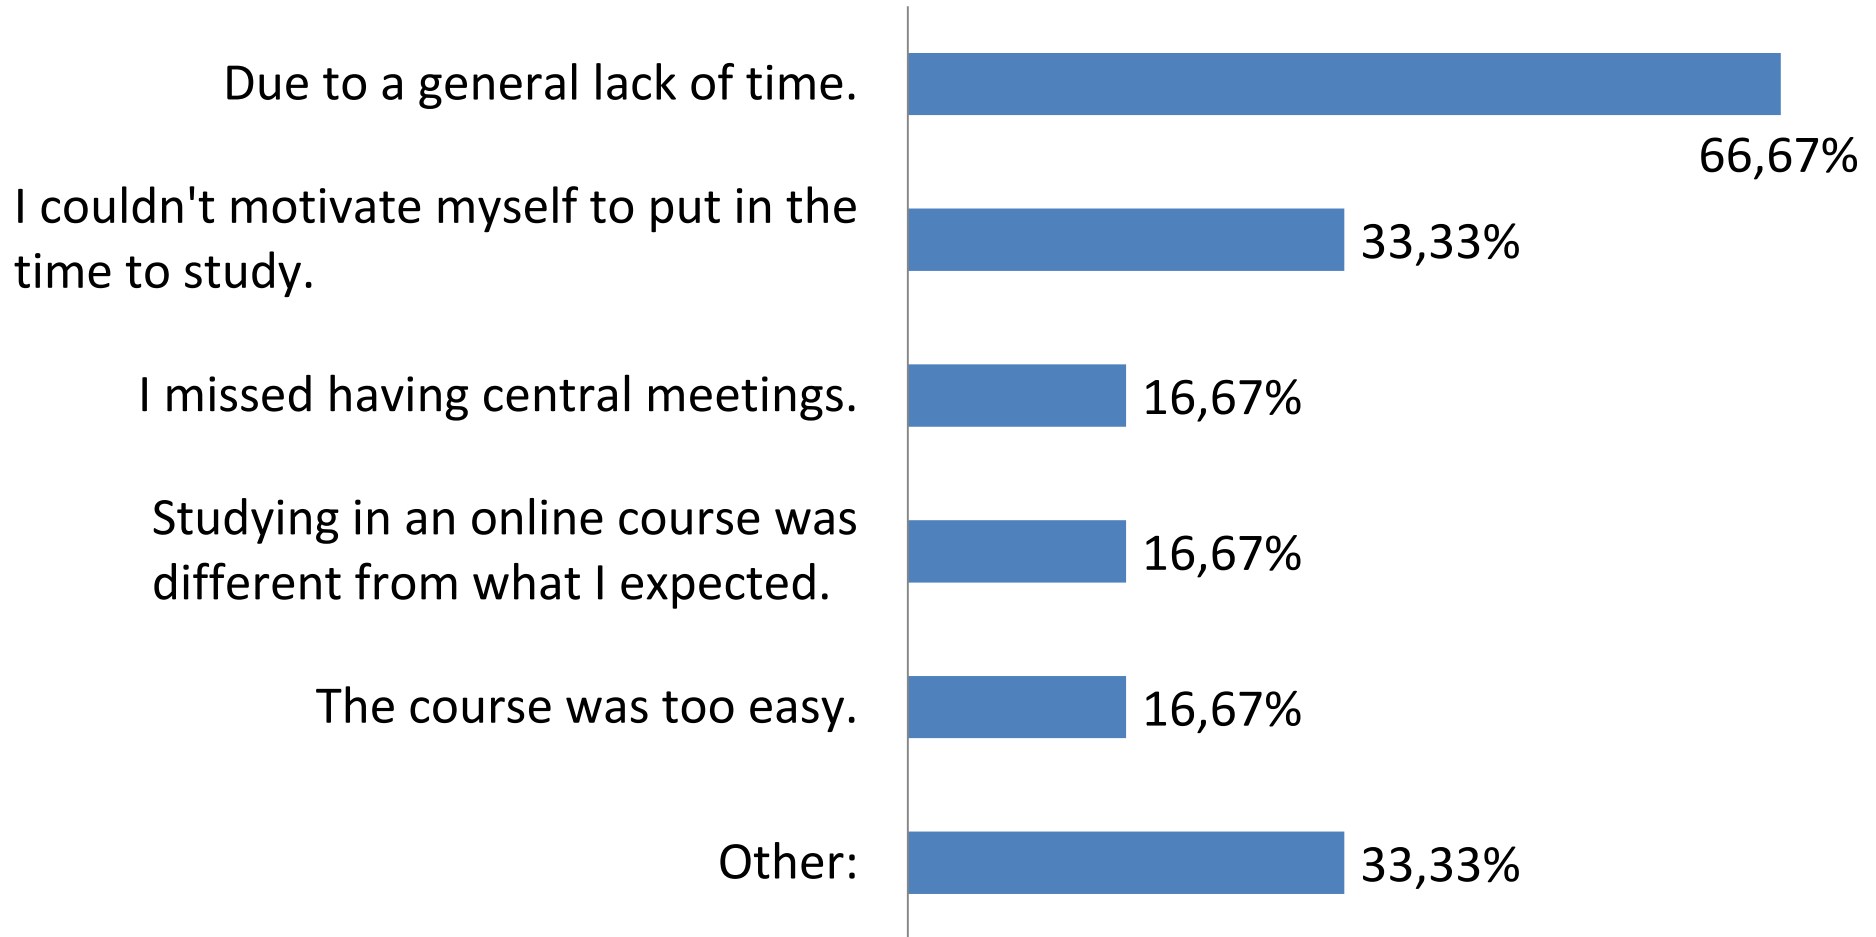

Hybrid Education

1. MOOCs in a blended course:
 - using components of a MOOC
 - using the whole MOOC
2. MOOCs as electives
3. A series of MOOCs as part of a program, adding an extra project or exam for campus students
4. A MicroMasters: a series of MOOCs plus exam = credits by entering the corresponding campus programme

Pilot study MOOCs4Credits

- 66 students enrolled
 - 29 registered for exam
 - 18 showed up
 - 15 passed
- positive: flexibility
- negative: flexibility

Drop-outs

Advantages and Disadvantages

■ Disadvantage ■ Neutral ■ Advantage

There are moderators who help guide learning.

There are many self-tests.

There are few strict deadlines.

There is a forum.

There are no central meetings.
